***Please click on each of the following submission types to see submission guidelines and instructions.***

#### **Symposia Presentations:**

Moderately formal 2 hour panel session with a maximum of 6 participants. Each symposia must have a chair and a discussant. If the chair elects to have 5 speakers in the session, the chair can participate as one of the speakers or the discussant. The discussant may not be a speaker or include any slides for the presentation.

#### **Independent oral presentations:**

1 presenter, but may have multiple authors. The presentations will be 10 minutes with another 5 minutes for discussion. When submitting an oral presentation, submitters will be given the opportunity to elect that the presentation, if not accepted, can be presented as a poster.

#### **Poster Presentations:**

1 presenter, but may have multiple authors. There are three scheduled Poster Sessions during the 2014 meeting.

#### **Travel Award Fellowship Applications:**

Candidates must indicate an interest in schizophrenia research and, if possible, provide evidence of continuing and future involvement and activity in the field. Individuals must be graduate students, residents, fellows or new/young faculty members that have completed their last training in the last 5 years. Candidates who are members of an ethnic minority group or from a low income country, underrepresented in biomedical science areas, are strongly encouraged to apply. ***Awardees are required to submit a poster or oral presentation abstract.*** Awardees will also participate in the meeting as rapporteurs of oral sessions and their reports will be edited into a published summary of the congress after it occurs.

*\*The number of roles an individual may have in symposia sessions and/or oral presentations will be limited to three (3), the three roles include being a presenter, chair, co-chair or discussant. Furthermore, speaking roles are limited to a maximum of two per speaker.*
